*You know 60 songs.
Which 5 should you practice today?*

The practice management app for musicians

Track repertoire · Nail your practice routine · Organize Gigs & Jam Sessions

Everything You Need to Practice with Purpose

Song Repertoire

Track mastery, enjoyability, and status for every song you play. Smart decay alerts when songs get stale. Add your favorite songs, or pick from a large number of community songs.

Smart Setlists

Build, share, and print setlists for gigs. Collaborative editing with bandmates. PDF export for stage.

Daily Exercises

Personalized daily routine from 300+ exercises across guitar, bass, and drums. Priority-based selection. Add your own personal exercises, and share them with the community.

Gigs & Jams

Plan gigs with gear checklists and participant management. Host collaborative jam sessions with friends.

Practice Analytics

Streak tracking, quality trends, mastery heatmaps, and community insights to keep you motivated.

Social & Sharing

Add friends, share setlists, discover what others play. Community-contributed learning resources.

300+ Exercises

Multi- Instrument

Collaborative Setlists

Practice Streaks

Guitar · Bass · Drums · Keys · Vocals · Saxophone · Trumpet · and more
